

Global Talent in Silicon Valley

The 13th edition of Blackbox Connect powered by Google4Entrepreneurs has come to an end, and all our new graduates have returned to the part of the world they call home. It has been an awesome experience to see them share do's and don't's, learn from each other, rethink business models and finally nail their pitch on stage. We are proud and happy to call these talented founders Blackbox graduates and we welcome them to our global community.

These amazing startups are nominated & backed by our trusted partners from all over the world. Let us dive in and take a closer look at these promising startups from all over the world.

Making life easier

We have great startups solving the little problems that most of us recognize from our busy lives.

My Best Helper

Backed by our trusted partner Astia

My Best Helper is a family logistics tool that helps people manage all their needs for child, elder and illness care. Organisations sign up to support their employees' life-balance. The company initially launched in the Canadian market and are now getting ready for the US. MyBestHelper is led by Dr. Alexandra T. Greenhill, an experienced physician tech entrepreneur from Canada. She was the recipient of the Cartier World Entrepreneur Competition for North America.

Dr. Alexandra T Greenhill, founder of My Best Helper
